

BarDefender Drain Gel is a perfect solution for the bar/food service industry. Our pre-measured 4 oz. bottles takes the guess work out of how much to pour into each drain, saving time and money. This powerful little bottle has over 2 billion bacterial spores.

Product Features: BarDefender Drain Gel will destroy fats, oils, and grease by digesting the organic waste. Removes drain odors and will improve the flow of all drains. Fruit Fly breeding will end with normal treatments. Safe to use on all metal and plastic drain pipes.

Perfect use for: Floor Drains, Beer Tap Dispensers, sinks, Soda Fountains, Floor Sinks.

Directions: Take one 4 oz. bottle and pour down each drain once every 2 weeks. When applying, pour around edge of drain for best results. For hand washing sink, beer tap and soda fountain dispensers, use one-half bottle (2 oz.) once a week to keep drains clear.

Note: During the breeding of fruit fly season, apply one 4 oz. bottle once a week to floor drains and floor sinks; the thickened clinging formula will keep fruit fly breeding under control.

Super Charged Drain Gel Formula

- Thickened formula coats drain lines to attack build-up
- Will end fruit fly breeding in drain lines with clinging gel action
- No pesticides / all-natural

Over 2 Billion Active
Bacterial Spores Per Bottle

CAUTION: KEEP OUT OF REACH OF CHILDREN

FIRST AID PROCEDURES

EYES: Immediately flush with water for at least 15 minutes. If symptoms develop, call a physician.

SKIN: Wash with soap and water. If irritation persists, call a physician or poison center.

INHALATION: Not likely an issue. If symptoms are experienced, move person to a well-ventilated area. If irritation continues, call a physician or poison center.

INGESTION: Drink several glasses of water, do not induce vomiting. See physician if symptoms persist.
