Device in Floor Sink

# FloorSink DEFENDER™

[Click Here To Purchase](#)

FloorSink DEFENDER is a specially engineered device that is designed to fit within your floor sinks. FloorSink DEFENDER takes advantage of our proprietary compound to eliminate fruit flies, oils, fats, greases, and malodors that can cause problems. The FloorSink DEFENDER works as part of the Pure Drain DEFENDER line of products to keep your drains clean!

The FloorSink DEFENDER is a passive device that is simply placed in any size floor sink without any tools, assembly or complicated procedures. Once you place in your floor sink, let the FloorSink DEFENDER do the dirty work. Designed to last for about 15 days and the FloorSink DEFENDER merely becomes part of your monthly maintenance schedule.

FloorSink DEFENDER's proprietary compound puck is a non-caustic, pesticide-free, all-natural, organic compound composition that turns fats, oils, and grease into carbon dioxide and water.

## Product Features:

- Continuously releases bacteria formula utilizing a revolutionary delivery mechanism.
- Eliminates fruit flies and breeding area.
- Cuts grease build up, fatty acids, and tough dirt, leaving only a pleasant ocean breeze fragrance behind.
- Requires minimal maintenance - just place the device in a floor sink and replace this disposable device when compound puck has dissipated. The FloorSink DEFENDER is designed to last about 15 days. (Depending on water flow)
