MATERIAL SAFETY DATA SHEET

1. Product and Company Identification

Product Name Prefurred Plus for Dogs

EPA Registration No. 2517-140-53883

CAS # Mixture

Product use Kills and repels fleas and ticks

Manufacturer Control Solutions, Inc. 5903 Genoa-Red Bluff

Phone: 1-800-242-5562 Fax: 281-892-2501

SafetyCall International 1-866-897-8050

2. Hazards Identification

Emergency overview CAUTION

Combustible liquid. Keep away from heat and flame.

EYE IRRITANT

Potential short term health effects

Routes of exposure

Eye, Skin contact, Skin absorption, Inhalation, Ingestion.

Eyes Causes moderate eye irritation.

Skin May cause irritation. Harmful if absorbed through the skin.

Inhalation May cause respiratory tract irritation.

Ingestion Harmful if swallowed. May cause stomach distress, nausea or vomiting.

Target organs Eyes. Skin. Respiratory system. Digestive tract. **Chronic effects** May cause allergic reaction in sensitive individuals.

Signs and symptoms Symptoms may include redness, edema, drying, defatting and cracking of the skin.

Symptoms of overexposure may be headache, dizziness, tiredness, nausea and

vomiting.

OSHA Regulatory Status This product is a "Hazardous Chemical" as defined by the OSHA Hazard

Communication Standard, 29 CFR 1910.1200.

Potential environmental effects Not available

3. Composition / Information on Ingredients

Ingredient(s)	CAS#	Percent
Diethylene glycol monoethyl ether	111-90-0	60 - 80
Cyphenothrin	39515-40-7	2.5 – 10
Fipronil	120068-37-3	2.5 - 10

4. First Aid Measures

First aid procedures

Eye contact Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove

contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a

poison control center or doctor for treatment advice.

Skin contact Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20

minutes. Call a poison control center or doctor for treatment advice.

If symptoms develop move victim to fresh air. If symptoms persist, obtain medical Inhalation

attention.

Call a poison control center or doctor immediately for treatment advice. Have person sip Ingestion

> a glass of water if able to swallow. DO NOT induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious

Notes to physician Treat patient symptomatically.

General advice Keep away from sources of ignition. No smoking. If you feel unwell, seek medical advice

(show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance. Avoid contact with eyes and skin. Keep out of reach of

children.

5. Fire Fighting Measures

Flammable properties

Extinguishing media

Combustible by OSHA criteria.

Suitable extinguishing media

Carbon dioxide. Alcohol foam. Water spray. Dry chemical. Water Fog.

Unsuitable extinguishing media Not available

Protection of firefighters

Specific hazards arising from the Not Available

chemical

Protective equipment for

firefighters

Firefighters should wear full protective clothing including self contained breathing apparatus

Hazardous combustion products

May include and are not limited to: Oxides of carbon.

Explosion data

Sensitivity to mechanical impact Not available Sensitivity to static discharge Not available

6. Accidental Release Measures

Personal precautions

Keep unnecessary personnel away. Do not touch or walk through spilled material. Do not touch damaged containers or spilled material unless wearing appropriate protective

clothing. Keep people away from and upwind of spill/leak.

Environmental precautions Methods for containment Methods for cleaning up

Prevent entry into waterways, sewers, basements or confined areas.

Stop leak if you can do so without risk.

Before attempting clean up, refer to hazard data given above. Never return spills in original containers for re-use. Small Spills: Absorb with non-reactive absorbent and place in suitable, covered, labeled containers. Large Spills: Wet down with water and dike for later disposal. After removal flush contaminated area thoroughly

with water. Contact emergency services and supplier for advice.

7. Handling and Storage

Handling

Use good industrial hygiene practices in handling this material. Do not get in eyes, on skin or clothing. When using do not eat or drink, Wash thoroughly after handling. Store in a cool dry place inaccessible to children and pets. Do not refrigerate. Protect from direct sunlight.

Storage

Engineering controls General ventilation normally adequate.

Personal protective equipment

Eye / face protection Wear safety glasses with side shields.

Hand protection It is a good industrial hygiene practice to minimize skin contact. For operations

where prolonged or repeated skin contact may occur, impervious gloves should

be worn. Confirm with reputable supplier first.

Skin and body protection

Respiratory protection

General hygiene considerations

As required by employer code.

Where exposure guideline levels may be exceeded, use an approved NIOSH respirator. Handle in accordance with good industrial hygiene and safety practice. When using, do

not eat or drink. Wash hands before breaks and immediately after handling the product.

9. Physical and Chemical Properties

Clear **Appearance** Yellow Color **Form** Liquid

Odor Faint/Pleasant Not available **Odor threshold**

Liquid Physical state Not available pН Not available Freezing point Not available **Boiling point** Not available Pour point Not available **Evaporation rate** Flash point > 194.00 °F (> 90 °C)

Auto-ignition temperature Not available Not available

Flammability limits in air, lower, %

by volume

Flammability limits in air, upper, %

by volume

Not available

Vapor pressure Not available Vapor density Not available Specific gravity Not available Not available Octanol/water coefficient Solubility (H2O) Not soluble 5 - 15 cP**Viscosity Bulk density** 1 - 1.05 g/cc

10. Stability and Reactivity

Reactivity None known.

Possibility of hazardous reactions Hazardous polymerization does not occur.

Stable under recommended storage conditions. **Chemical stability**

Conditions to avoid Avoid high temperatures. Do not mix with other chemicals.

Incompatible materials Acids. Oxidizers.

Hazardous decomposition products May include and are not limited to: Oxides of carbon.

11. Toxicological Information Component analysis - LC50 Ingredient(s) **LC50** Cyphenothrin Not available Diethylene glycol monoethyl ether 5240 mg/l/4h rat **Fipronil** 0.68 mg/l/4h rat Component analysis - Oral LD50 **LD50** Ingredient(s) Cyphenothrin 318 mg/kg rat Diethylene glycol monoethyl ether 5500 mg/kg rat **Fipronil** 100 mg/kg/rat

Effects of acute exposure

Eye Causes moderate irritation.

Skin May cause irritation. Harmful if absorbed through the skin.

Inhalation May cause respiratory tract irritation.

Ingestion Harmful if swallowed. May cause stomach distress, nausea or vomiting.

Sensitization Non-hazardous by OSHA criteria.

Chronic effects Repeated or prolonged skin contact may cause allergic reactions with susceptible persons.

CarcinogenicityNon-hazardous by OSHA criteria.MutagenicityNon-hazardous by OSHA criteria.Reproductive effectsNon-hazardous by OSHA criteria.TeratogenicityNon-hazardous by OSHA criteria.
