

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals
CAUTION

Humans: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wear long sleeved shirt, long pants, shoes and socks. User should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. User should remove clothing immediately if pesticide gets inside. Then wash thoroughly and change into clean clothing. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

Animals: Do not use on puppies, kittens or foals less than 12 weeks old. Consult a veterinarian before using this product on debilitated, aged, pregnant or nursing animals, or animals on medication. If treatment is necessary, spray on tips of fingers and rub coat. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

Animal Quarters: For use in companion animal quarters only, do not broadcast outdoors. Remove animals from quarters before treating premises.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Keep away from heat and open flame. Do not use this product in or on electrical equipment due to the possibility of shock hazard.

FIRST AID

IF IN EYES

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes.

IF SWALLOWED

- Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow.

IF ON SKIN OR ON CLOTHING

- If you suspect a reaction to this product: Discontinue use. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor immediately for treatment advice.

Have product container or label with you when calling a poison control center or doctor or going for treatment. You may also call the International Poison Center at 1-888-746-8712 for emergency medical advice.

SEE SIDE PANEL FOR PRECAUTIONARY STATEMENTS

EPA REG. NO. 690061-6-50591

EPA Est. No. 50591-GA-01

32 FL. OZ. (946.25 ml)

DIRECTIONS FOR USE
 It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL BEFORE EACH USE.

USE ONLY ON DOGS, CATS, PUPPIES, KITTENS, HORSES AND FOALS. DO NOT USE ON HORSES OR FOALS INTENDED FOR SLAUGHTER. DO NOT APPLY OVER CUTS, WOUNDS OR IRRITATED SKIN. DO NOT APPLY NEAR EYE AND MOUTH. APPLY SPARINGLY AROUND EARS.

USE ONLY IN A WELL VENTILATED AREA.

HOLD BOTTLE IN UPRIGHT POSITION WHEN SPRAYING

Cats & Dogs: Cover animal's eyes with hands. With a firm stroke to get a proper spray mist, spray head, ears and chest until damp. With fingertips, rub into face around mouth, nose and eyes. Then spray neck, middle and hind quarters, finishing with the legs last. For best penetration or spray to the skin, direct spray against the natural lay of the hair. On long haired dogs, rub your hand against the lay of the hair, spraying the ruffled hair directly behind the hand. Make sure spray thoroughly wets ticks.

Do Not Reapply Product For 3 Days.

Puppies & Kittens: Spray only along back or on your fingertips and rub in.

Horses: Use full strength to control stable flies, horse flies, deer flies, face flies, gnats and mosquitoes. Apply to face, legs, flanks, top line and other body areas commonly attacked by these flies. Do not wet horse's skin with excessive spray. After application, brush thoroughly to bring out sheen on coat. Repeat treatment as needed. Not for use on horses intended for food.

Pets' Sleeping Quarters: Spray around baseboards, windows, door frames, wall cracks and local floor areas. If mosquitoes, gnats or flies are present, spray lightly into the air. Repeat as needed. The pet's bedding should be sprayed, making sure the area beneath the bedding is sprayed. After spray has dried, remove old bedding and replace with fresh bedding. Treat pets with **Davys Flea & Tick Mist** or one of our other registered Flea & Tick control products before allowing them to enter treated areas.

STORAGE AND DISPOSAL

Storage: Store in a cool area. If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800 CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
