

GENERAL INFORMATION:

Whole Control can be used effectively to repel moles from lawns, gardens, flower beds, around playgrounds, golf courses, and other recreational turf areas. This product is not destroyed by rain and will remain effective for a minimum of 1 month when applied as directed.

DIRECTIONS FOR USE:

Apply Whole Control when the signs of moles digging, tunneling, and borrowing, first appear. This product may be applied to either wet or dry areas and will cover up to a 5,000 sq. ft. area when applied as directed. Depending on soil type, it may take up to a week for the product to reach maximum effectiveness.

Initial Application: Ensure sprayer knob is turned to "off" position. Attach garden hose tightly to self-dispensing container. Turn water supply on to full pressure. Turn sprayer knob to "on" position and spray Whole Control evenly over mole infested area at a rate of one quart of product per 5,000 sq. ft. (e.g. a 50 ft. by 100 ft. square). After Whole Control is applied, sufficiently water in the application with a garden hose or sprinkler to soak Whole Control into the soil.

Follow Up Applications: Apply Whole Control immediately after the presence of moles is detected or in early spring, mid-summer, or early fall if there are moles nearby but not on your property.

STORAGE & DISPOSAL:

STORAGE: Store only in original container, in a cool, dry, and well-ventilated location inaccessible to children and pets.

DISPOSAL: If Empty: Do not reuse this container. Place in trash or offer for recycling if available.

If Partly Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS:

Do not swallow. Avoid contact with eyes as product may cause eye irritation. Avoid prolonged contact with skin or clothing. Wash thoroughly with soap and water after handling this product. Remove contaminated clothing and wash before reuse. Avoid contamination of food or feed. Do not apply directly to water, or to areas where surface water is present or to inter-tidal areas below the mean high water mark.

STATEMENT OF PRACTICAL TREATMENT:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first five minutes, then continue rinsing eye. If irritation persists, call a physician for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. If irritation persists, call a physician for treatment advice.

Note: Seller warrants that this product complies with the specifications expressed in this label. To the extent consistent with applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, Seller's liability or default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages.
