LEAVE SPACE IMMEDIATELY AFTER INSTALLATION!**

Thank You For Purchasing Our Product!

Congratulations, with your purchase of the “**SQUIRREL EVICTOR™**” you will now have turned your space into an unsuitable condition for these unsanitary rodents.

The “Urban” Squirrel is a real problem for today’s homeowners. With the growth of many communities the natural living space has become a real problem for the territorial squirrel. Many trees have been destroyed and habitat is becoming scarcer for these rodents. They only have one choice, live in your home’s attic or crawl space. This revolutionary new Patent Pending Product has solved this problem. The “**SQUIRREL EVICTOR™**”. This product is energy efficient and portable. The “**SQUIRREL EVICTOR™**” uses a high intensity strobe light that annoys their sensitive eyes and disrupts their living cycle. It provides a safe and harmless eviction that is environmentally friendly - no chemicals, no noise, no odor. The product has been tested with homeowners who have had at least **35 YEARS** worth of problems with this pesky pest. They have been amazed of how quickly their problems were solved. Most in **LESS THAN 24 HOURS!** The conventional methods of eviction can cost hundreds if not thousands of dollars over the years. The “**SQUIRREL EVICTOR™**” is a low cost answer for this problem. All you have to do is hang it and plug it in.

Squirrels communicate through Ultrasonic clicks and sounds. The word will soon be out that your house is not a safe environment to live in and your home will be **OFF LIMITS** and they have been **SQUIRREL EVICTED**. With your house free of squirrels you have lessened the chance of a house fire. It is estimated that 20% of fires in the United States are caused by these rodents chewing on electrical wires.

With your valuable investment of the “**SQUIRREL EVICTOR™**” you can be rest assured that not only will your residence will be free of squirrels, but also you will reduce your risk of a house fire from these pesky pests chewing on your electrical wires in your home.

Pre-Installation Guidelines

USE COMMON SENSE AND GOOD JUDGEMENT

Before entering space make sure no squirrels are present.
(In general, Eastern Grey Squirrels are outside
between the hours of 10 AM to 2 PM)

MAKE NOISE, THEN STOP & LISTEN

The absence of a squirrel noise
means the squirrels may have left the area.
Shine a flashlight in the attic area before entering.

REMEMBER...
SQUIRRELS WITH YOUNG
ARE AGGRESSIVE, BE CAREFUL!

During installation play a loud radio, this establishes
a presence and keeps the resident squirrel (s) out.

Installation Instructions & Guidelines

In order for the “**SQUIRREL EVICTOR™**” to work properly, the space must be uncluttered and as dark as possible.

NO OTHER LIGHT SOURCE should be on to interfere with the performance of this product while in use.

FOR UNOCCUPIED INDOOR USE ONLY!

It is **HIGHLY RECOMMENDED** that a switch be placed near the entrance of the space where the unit can be turned on and off remotely.

Unit (s) are ready to install with 120 volt AC current receptacle. If a switch and/or receptacle need to be installed or 120 volt AC current is not available, call a **LICENSED ELECTRICIAN** to install all necessary wiring, switch and/or receptacle. **FAILURE TO DO SO MAY RESULT IN PROPERTY DAMAGE, SERIOUS INJURY OR DEATH TO YOU OR OTHERS.**

1. Screw hook into wooden beam.
2. Choose appropriate chain link for maximum light spread.
3. Hang chosen chain link on hook.
4. Plug unit into receptacle.

FOR BEST RESULTS, IT IS HIGHLY RECOMMENDED THAT THE UNIT BE OPERATED CONTINUOUSLY. DO NOT HAVE THE ENTER/EXIT HOLES SEALED FOR AT LEAST 1 MONTH. EXPOSURE TO THE STROBE TRAINS THE SQUIRRELS TO HATE YOUR HOME AND DISCOURAGES DIGGING, CHEWING AND FURTHER PROPERTY DAMAGE.

Unit Specifications

All Material Used Is UL Approved

Approximate coverage area is 600 square feet (20 x 30 foot space)

It may take more than one unit to cover the desired area.

MB10K Unit (Squirrel Evictor)

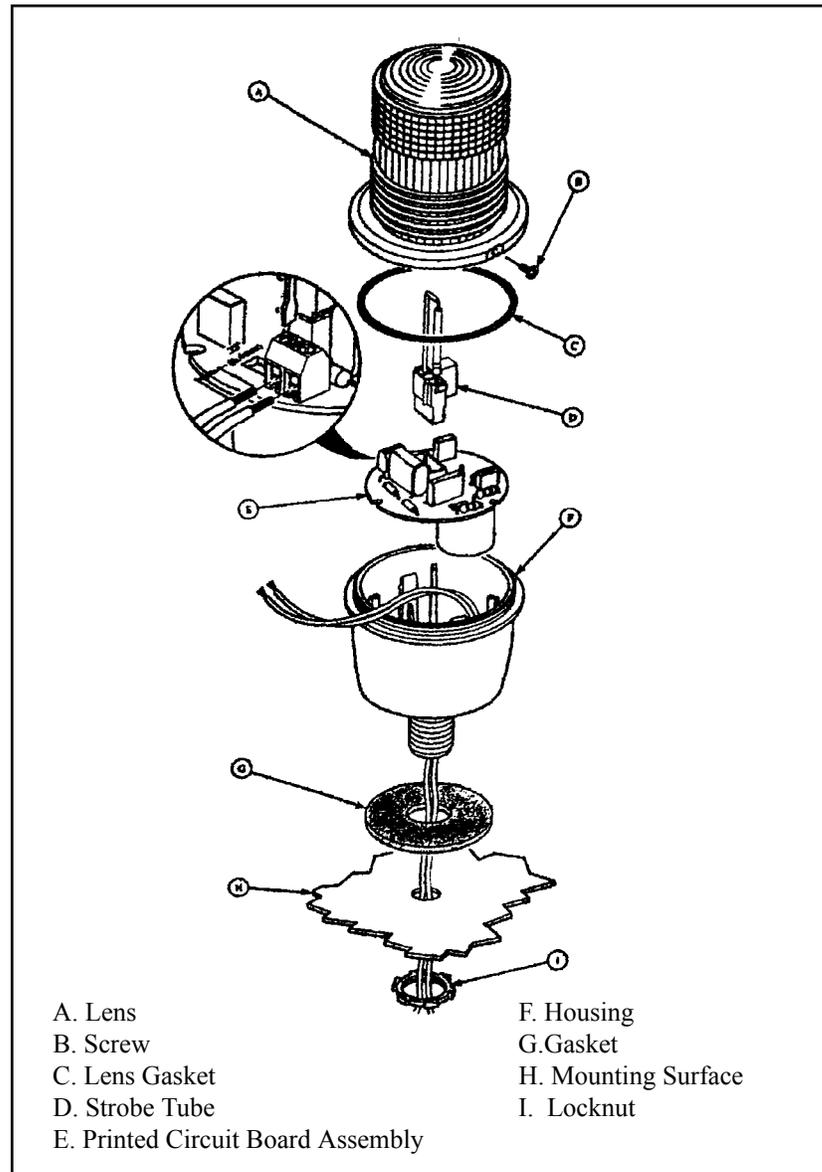

120 volt AC Unit:	Strobe Tube (175,000 Candlepower)
Operating Temperature:	-31 F to 150 F / -35 C to 66 C
Dome:	Clear Polycarbonate
Height:	12" 304.8 mm
Diameter:	6" 152.4 mm
Weight:	4.5 lbs.
Operating Voltage:	120 Volts Alternating Current
Amps:	0.10 Amps = 12 Watts
Enclosure Rating:	Type 4x
Ingress Protection (IP):	IP66
Underwriter's Laboratory (UL):	U.S. UEES - E162485
Hardware Warranty:	5 Year

MBK149130A Unit (Replacement Strobe Tube)

Replacement Part:	10,000 hours / Strobe Tube
Underwriter's Laboratory (UL):	U.S. UEES - E162485
Strobe Tube Warranty:	1 Year

WARNING!

HIGH VOLTAGES ARE PRESENT INSIDE LIGHT ASSEMBLY. WAIT AT LEAST 5 MINUTES AFTER SHUTTING OFF THE POWER BEFORE CHANGING REPLACEMENT STROBE TUBE.

STROBE TUBE REPLACEMENT

Occasionally check for strobe tube degradation. Should the strobe tube misfire, have a noticeable decrease in light output, glow continuously or darken - **replacement is necessary**.

HIGH VOLTAGES ARE PRESENT INSIDE THE LIGHT ASSEMBLY, WAIT AT LEAST 5 MINUTES AFTER SHUTTING OFF THE POWER BEFORE SERVICING THE UNIT.

1. Disconnect power from supply circuit and wait 5 minutes before opening unit to allow all capacitors to discharge.
2. Loosen lock screw on lens from housing by turning counter-clockwise.
3. Carefully remove the old strobe tube by grasping the connector and lifting upwards.
4. Replace tube with part number MBK149130A. Install new strobe tube to fully seat into the receptacle on the printed circuit board.
5. Attach lens to housing by turning clockwise until seated.
6. Tighten locking screw on lens to secure.

*** LIMITED WARRANTY ***

- Your **SQUIRREL EVICTOR™**, product hardware is warranted free from defects in material and workmanship from date of original purchase for a period of five (5) years and one (1) year for high intensity strobe tube plus two and one half (2 1/2) years for labor.
- This warranty is granted only to the original purchaser and members of his or hers immediate family. The warranty is subject to the following provisions.
- All Evictor Products Inc. products must be registered to activate this warranty. Mail in your completed registration form within ten (10) days.

*** WARRANTY DOES NOT COVER ***

- Evictor Products Inc. disclaims any liability for consequential damages. In no event will Evictor Products Inc. be responsible for any amount of damages beyond the amount paid for the product at retail.
- In the event of a defective item, please ship the item to us, prepaid, with an explanation of the problem, your name, address, and daytime telephone number. Evictor Products Inc., will at its option, replace or repair the defective part.
- Damages or malfunction caused by misuse, abuse, neglect, alterations, and repair not performed by Evictor Products Inc., or use not in accordance with the Owner’s Guide.
- Your relief for the breach of this warranty is limited to the relief expressly provided above. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you. Any warranty that may be implied in connection with your purchase or use of the **SQUIRREL EVICTOR™**, including any warranty of Merchantability is limited to the duration of this warranty. This warranty gives you specific legal rights. You may have other legal rights, which vary, by state.
- Cost of shipment to Evictor Products Inc.
- Failure to follow Owner’s Guide voids warranty.
