NET CONTENTS:

PRECAUTIONARY STATEMENTS **CAUTION**

BEFORE USING THIS PRODUCT, READ ALL PRECAUTIONS, CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES.

Avoid contact with formulated product. Do not take internally. Avoid contact with or inhalation of the spray mist. If product is being mixed with pesticides and/or spray adjuvants, follow all precautionary statements on the accompanying product(s) labeling.

WHAT TO DO IN CASE OF CONTACT:

IF SWALLOWED: Induce vomiting. Immediately call a doctor.

IF IN EYES: Flush eyes with clean water for 15 minutes. Immediately call a doctor.

IF ON SKIN: Remove contaminated clothing and wash skin with soap and water. Call a doctor if irritation develops or

persists

IF INHALED: Move to fresh air and call a doctor if irritation develops or persists.

If there is contact made with the spray solution containing pesticides and/or spray adjuvants, follow the "Statement of Practical Treatment/First Aid" on the product(s) labeling.

STORAGE AND DISPOSAL

Keep container tightly closed, do not allow water to be introduced to the contents of this container. Do not contaminate water sources by cleaning of equipment or disposal of spray waste. Dispose of empty containers by triple rinsing with detergent solution or puncture and discard empty containers in a landfill in accordance with current local, state and federal regulations.

GENERAL INFORMATION

Ele-Max® Turf Nectar™ AC is specially formulated for improved compatibility with amine herbicides. It is recommended for use as an additive in dry or liquid fertilizers and is compatible with most of the pesticides that can be utilized in combination with liquid fertilizers. This product is intended as a supplement to a regular fertilizer program. Ele-Max® Turf Nectar™ AC may not be compatible with some liquid fertilizer formulations. A pre-mix "jar test" is recommended prior to mixing with liquid fertilizer to check compatibility.

NOTE: Ele-Max® Turf Nectar™ AC cannot be used in liquid fertilizers which contain ortho-phosphates.

NOTE: A lawn will typically utilize 1-4 lbs. of nitrogen per 1,000 sq. ft. each growing season. Use this product in conjunction with an additional fertilization program to provide at least 1 lb. of nitrogen per 1,000 sq. ft. each growing season. Consult your local Agricultural Extension Agent for the proper amount of nitrogen to be applied in your area.

APPLICATION AND MIXING

Ele-Max® Turf Nectar™ AC may be applied by ground or aerial application. Use enough water for thorough uniform coverage of foliage or soil. Thorough coverage is necessary for best results and the addition of a non-ionic surfactant such as Induce® is recommended.

TURF

WARM-SEASON TURF

Bahia, Bent, Centipede*, Tall Fescue, St. Augustine and Zoysia grass: Apply 2-8 oz. of **Ele-Max® Turf Nectar™ AC** per 1,000 sq. ft. with sufficient water for good coverage. Three to five applications per growing season usually produces best results.

*When temperatures can exceed 90°F do not apply greater than 3 oz. of **Ele-Max® Turf Nectar™ AC** per 1,000 sq. ft. if applying with other products.

Bermuda grass: Apply 4-10 oz. of **Ele-Max® Turf Nectar™ AC** per 1,000 sq. ft. with sufficient water for good coverage. Three to five applications per growing season usually produces best results.

COOL-SEASON TURF

Bluegrass, Perennial Rye, Fescue, Bent grass. Apply 2-8 oz. of **Ele-Max® Turf Nectar™ AC** per 1,000 sq. ft. with sufficient water for good coverage. Three to five applications per growing season usually produces best result. When temperatures can exceed 90°F do not apply greater than 3 oz. **Ele-Max® Turf Nectar™ AC** per 1,000 sq. ft. if applying with other products.

ORNAMENTALS SHRUBS

Azalea, Barberry, Burningbush, Camellia, Common Periwinkle, Cherry Laurel, Crepe Myrtle, Euonymus, Forsythia, Flowering Quince, Gardenia, Hibiscus, Honeysuckle, Hydrangea, Indian Hawthorn, Japanese/Southern Yew, Ligustrum, Lilac, Mock Orange, Oleander, Pittosporum, Primrose, Privet, Purple Sand Cherry, Pyracantha, Rhododendron, Rose, Spirea and Viburnum: Apply 2 fl. oz. (4 tablespoons) **Ele-Max® Turf Nectar™ AC** per 1 gallon of water or 1.5 gallons **Ele-Max® Turf Nectar™ AC** per 100 gallons of water. **CAUTION:** DO NOT apply to flower buds or blossoms. DO NOT apply to ornamentals that are under drought or moisture stress.

HERBACEOUS PLANTS

Hardy Aster, Alyssum, Canna, Carnation, Chrysanthemum, Coleus, Dahlia, Daylily, Dieffenbachia, Fern, Geranium, Gladiolus, Honeysuckle, Hosta, Iris, Larkspur, Marigold, Nasturtium, Ornamental Cabbage, Pampasgrass, Petunia, Portulaca (Moss Rose), Salvia, Sweet Pea, Verbena and Zinnia. Apply 2 teaspoons **Ele-Max® Turf Nectar™ AC** per 1 gallon of water or 1 quart **Ele-Max® Turf Nectar™ AC** per 100 gallons of water. **CAUTION:** DO NOT apply to flower buds or blossoms. DO NOT apply to ornamentals that are under drought or moisture stress.

TREES

Catalpa, Chinese Arborvitae, Flowering Crabapple, Cypress, Dogwood, Elm (American, Chinese), Ginkgo, Italian Cypress, Hickory, Juniper, Locust (Common/Black, Honey), Lombardy Poplar, Magnolia, Maple (Hard/Sugar, Silver) Mimosa, Mulberry, Pin Oak, Pine (Mountain/Mugo, Australian/Norfolk Island, White), Russian Olive, Spruce, Sweet Gum and Sycamore: Apply 1.25 fl. oz. (2.5 tablespoons) Ele-Max® Turf Nectar™ AC per 10g gallon of water or 1 gallon Ele-Max® Turf Nectar™ AC per 100 gallons of water. CAUTION: DO NOT apply to flower buds or blossoms. DO NOT apply to ornamentals that are under drought or moisture stress.

MIXING: In any mixing operation, Ele-Max® Turf Nectar™ AC should be introduced in the following sequence:

- Water
- 2. Ele-Max® Turf Nectar™ AC
- 3. Other Fertilizers or Pesticides

In mixtures where a compatibility agent is suggested, a product such as BUFFER P.S. is recommended.

Local climatic conditions, infestations and other factors affect the performance of any insecticide, fungicide and nutritional spray. Therefore, for specific use, consult your local Helena Chemical Company representative or your local agricultural extension agent.

CONDITIONS OF SALE - LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded.

This label is believed to be reliable and should be followed carefully. Injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Helena Chemical Company (the "Company") or seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Helena Chemical Company's election, one of the following:

- 1. Refund of the purchase price paid by buyer or user for product bought, or
- 2. Replacement of the product used.

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
