3. HERE ARE THE RESULTS YOU MAY EXPECT!

ferti•lome® SOIL ACIDIFIER PLUS IRON helps in growing acid loving plants in alkaline type soils thus allowing you to grow a wider variety of plants, trees, shrubs and vegetables.

NOTE: This product may stain cement curbs, sidewalks, and driveways if not washed off immediately after application.

CAUTION: KEEP OUT OF REACH OF CHILDREN

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

GARDENIAS, ROSES, AZALEAS, CAMELLIAS, HOLLY AND RHODODENDRON

1-3 feet in height: Apply 1 gallon of mixture
3-6 feet in height: Apply 2 gallons of mixture.

MAGNOLIA TREES, WISTERIA and EVERGREENS

Apply 1 gallon of mixture for each foot of height.

POTTED PLANTS

Dilute 1 teaspoon of **ferti•lome® SOIL ACIDIFIER PLUS IRON** per quart of water and apply 1 cup of mixture per 6 inch pot. Apply less for smaller pot and more for larger pots.

FRUIT TREES

1-5 inch trunk diameter: Apply 1-5 gallons of mixture.
6 inch trunk diameter and over: Apply 10-15 gallons of mixture

LAWNS AND VEGETABLES

Dilute 1 pint of **ferti•lome® SOIL ACIDIFIER PLUS IRON** in 15 gallons of water and apply to 500 square feet of lawn area or vegetable area. Water lawn and vegetable gardens thoroughly before making applications.

Derived From: Ferrous Sulfate, Copper Sulfate, Magnesium Sulfate, Zinc Sulfate	F370

ferti•lome

SOIL ACIDIFIER PLUS IRON

1. WHAT IS THIS PACKAGE FOR?

ferti•lome® SOIL ACIDIFIER PLUS IRON helps reduce alkalinity in alkaline soils and supplies IRON, ZINC, SULFUR, MAGNESIUM and COPPER.

2. HOW DO YOU USE IT?

Shake well before use.

Make a dilute solution by mixing **ferti•lome® SOIL ACIDIFIER PLUS IRON** as follows:

2 tablespoons (1 fl.oz.) per gallon of water

1 pint in 16 gallons of water

1 quart in 32 gallons of water

1 gallon in 128 gallons of water

Pour this diluted mixture on the ground over the root feeding area of the plants. Water the soil under the plants before applying mixture. Water the mixture in after applying it. Repeat application at 2-3 week intervals until plants regain normal color and growth.
