INSTRUCTIONS FOR USE
INSTRUCCIONES PARA EL USO

- 1 Peel off protective paper from sticky base.
- 2 Form trap by placing tab "A" in to slot "B". Fold end flaps inward to form a 30° angle. Place in an area where silverfish & other insects are likely to hide.
- 3 Check trap regularly. When glue area is full of insects, dispose of trap & replace with a fresh one.

Riddy. Set. Catch.
