

SUSPEND®

Contact & Residual Aerosol

- For Indoor/Outdoor Use • Killing Action and Residual Control • Kills Carbamate and Organophosphate Resistant Cockroaches
- Broad Spectrum Insect Control • Kills Ants, Beetles, Cockroaches, Fleas, Flies, Mosquitoes, Scorpions, Spiders & Ticks

ACTIVE INGREDIENTS:

Pyrethrins.....	0.10%
Deltamethrin.....	0.02%
OTHER INGREDIENTS*	99.88%
TOTAL:	100.00%

*Contains petroleum distillate.
EPA Reg. No. 1021-2716-101563

Shake well before use.

KEEP OUT OF REACH OF CHILDREN CAUTION

See Side/Back Panel for Additional Precautions

PRECAUCIÓN AL CONSUMIDOR: Si usted no lee inglés, no use este producto hasta que la etiqueta le haya sido explicada ampliamente.
(TO THE USER: If you cannot read or understand English, do not use this product until the label has been fully explained to you.)

FIRST AID	
If swallowed:	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give any liquid to the person. • Do not give anything by mouth to an unconscious person.
If on skin or clothing:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
HOTLINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. In case of medical emergencies or health and safety inquiries or in case of fire, leaking or damaged containers, information may be obtained by calling 1-888-740-8777.	
NOTE TO PHYSICIAN	
Contains petroleum distillate - vomiting may cause aspiration pneumonia.	

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid contact with skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

PERSONAL PROTECTIVE EQUIPMENT (PPE): Applicators and other handlers must wear: Long-sleeved shirt, Long pants, and Shoes and socks
USER SAFETY REQUIREMENTS: Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

USER SAFETY RECOMMENDATIONS

- User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- User should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS: This product is extremely toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or runoff into storm drains, drainage ditches, gutter or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds: Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

PHYSICAL AND CHEMICAL HAZARDS: Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

- Do not enter or allow others to enter until sprays have dried.
- Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.
- Do not use in aircraft cabins.
- Do not apply to classrooms when in use.
- Do not apply in hospital patient rooms while occupied or in any rooms occupied by the elderly or infirm.
- Do not apply to institutions (including libraries or sport facilities) in the immediate area when occupants are present.
- Do not apply directly to food/feed products.
- Cover or remove all food/feed processing and/or handling equipment prior to application.
- Do not apply in the food/feed handling areas of food/feed processing establishments while the facility is in operation or food/feed is processing.
- After application in food/feed processing plants, cafeterias, bakeries and similar facilities, wash all equipment, benches, shelving and other surfaces that will contact food or feed.
- Remove pets, birds and cover fish aquariums before spraying.
- Do not apply as a space spray.
- Do not wet articles to point of runoff or drip.
- Do not use treated article until spray has dried.
- Do not water the treated area to the point of runoff.
- Do not make outdoor applications at residential sites during rain.
- Remove or cover exposed food and drinking water before application.
- Remove or cover dishes, utensils, food processing equipment and food preparation surfaces or wash them before use.
- Do not apply directly into sewers or drains or in any area like a gutter where drainage to storm sewers, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
- All outdoor applications must be limited to spot or crack and crevice treatment only, except for the following permitted uses: (1) Treatment to soil or vegetation around structures; (2) Applications to lawns, turf and other vegetation; (3) Applications to building foundations up to a maximum height of 3 feet. Other than applications to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors and eaves) are limited to spot and crack and crevice applications only.
- Do not use on edible crops.

SHAKE WELL BEFORE EACH USE: Hold container upright. Remove protective cap and direct spray away from face. Hold can 12-14 inches from surface being sprayed. Press button down and spray as directed. Test product in an inconspicuous area before applying. Spray until surface is slightly wet but not to the point of runoff. Over application may cause damage. Will not stain surfaces or fabrics where water alone causes no damage.

Suspend Contact & Residual Aerosol is intended for use in and around structures and their immediate surroundings. Permitted areas of use include (but are not limited to): apartments, attics, balconies, basements, bathrooms, boats, cabins, campers, carpools, cat sleeping quarters, clothes storage, condominiums, decks, dens, driveways, garages, garages, homes, kitchens, dog houses, lanais, living rooms, patios, patios, pet sleeping areas, play rooms, porches, recreational vehicles, rooms, solariums, storage areas, sun rooms, utility rooms, verandas, apartment buildings, campsites, cafeterias, crematoriums, day care centers, drive-ins, drug stores, dumpsters, factories, food/feed areas of food processing plants, food service establishments, food manufacturing and warehousing establishments, garages, hotels, hospitals, indoor and outdoor eating establishments, industrial plants, jails, kennels, motels, museums, mess halls, morgues, nursing homes, office buildings, other public buildings, pet grooming parlors, pet stores, prisons, railroad cars, recreational areas, restaurants, schools, ships, solariums, sports stadiums, supermarkets, taverns, theaters, trailers, trains, transportation vehicles, trucks, truck trailers, utility rooms, warehouses, washrooms and zoos. **Food/Feed Handling Establishments:** For control of all labeled pests, applications are permitted in the food/feed areas of food/feed handling and processing establishments as a general surface, spot or crack and crevice treatment. Food/feed handling establishments are defined as places other than private residences in which exposed food/feed is held, processed, prepared or served. Included also are areas for receiving, storing, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, synops) of food/feed. Serving areas where food/feed is exposed and the facility is in operation are also considered food/feed areas.

Non-food/non-feed areas include garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, mop closets and storage (after packaging, canning or bottling). All areas that insects inhabit or through which insects may enter should be treated.

INDOORS: *Cockroaches (including Adult and Immature Stages of both Non-Resistant and Organophosphate and Carbamate Resistant Strains), Asian Lady bird beetle (Lady Bugs), Boxelder Bugs, Centipedes, Crickets, Bees, Firebrats, Fleas, Palmetto Bugs (Waterbugs), Silverfish, Sowbugs and Ticks:* Apply as a general surface, spot or crack and crevice treatment to all areas where these pests crawl and hide, especially in cracks and crevices, hidden areas around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stoves, the underside of shelves, drawers, bookcases and similar areas. When pests are driven out, spray directly.

Ants: Spray around ant trails and around doors and windows and other places where ants enter the house. Repeat after 4 weeks or if re-infestation occurs.

Carpenter Ants: For effective control, locate and treat nests and surrounding areas. Apply around doors and windows and other places where ants enter premises and where they crawl and hide. Spray into infested wood through existing openings. Repeat after 4 weeks or if re-infestation occurs.

Ticks (including Ticks which may carry Lyme disease) and Fleas ON SURFACES: Remove pet bedding and destroy or clean thoroughly. Spray pet resting quarters. *Adult Fleas* contacted by spray will be killed. Put fresh bedding down once spray has dried. Do not spray animals directly. For best results, pets should be treated with an appropriate flea and/or tick control product registered for use on pets before allowing them to return to treated area. Spray rugs and carpets where infestations are bad. Delicate fabrics should be tested for staining in an inconspicuous area prior to use. Repeat after 2-4 weeks or if re-infestation occurs.

Spiders: Apply along and behind baseboards, to window and door frames, corners, pipes, storage localities, attics, crawl spaces and other areas where these pests are found.

Asian Lady Bird Beetles (Lady bugs): Spray areas where bugs crawl or are at rest, around doors, windows and areas where insects can enter the home.

Centipedes, Ground Beetles, Pillbugs, Sowbugs, Scorpions and Ticks: Apply around doors and windows, baseboards, storage areas and other places where these pests are found.

Silverfish, Crickets, Spiders, Earwigs: Apply to areas where these pests are found.

CONTACT SPRAY: To kill ants (including carpenter, fire, harvester & pharaoh ants), bed bugs, centipedes, cockroaches, fleas, spiders (including brown recluse, black widow & hobo spiders), ticks, chiggers, black flies, deer flies, horse flies, gnats, biting midges and wasps: Spray where insects congregate and individual pests when seen. Spray 1-3 seconds contacting insects directly. Insects contacted by spray will be killed.

PANTRY PESTS: *Beetles, Moths, Weevils, Flour Beetles (Red and Confused), Grain Beetles (Rusty Merchant and Sawtoothed), Chocolate Moths, Indian Meal Moths, Angoumois Grain Moths, Mediterranean Flour Moths, Cigarette Beetles, Drugstore Beetles, Rice Weevils, Lesser Grain Borers, Spiler Beetles, Grain Mites and Tobacco Moths:* Treated exposed stages. Remove all food-stuffs, utensils and shelf paper from area to be treated. Discard used shelf paper and any infested foodstuffs. Apply spray to shelves and in cracks and crevices behind and under cabinets and cabinets. Allow spray to dry prior to replacement of shelf paper, food and utensils. Repeat if re-infestation occurs.

Carpenter Beetles and Domestic Beetles: Spray on and under edges of floor coverings, under rugs and furniture in closets or other localities where these insects are found. Fabrics should be tested for staining in an inconspicuous area prior to use. Repeat if re-infestation occurs.
Washing Clothes Mites: Use this product as a crack and crevice treatment in closets and other storage areas where these pests are found. This will not control moth larvae already on clothes. Do not apply to clothing. Repeat if re-infestation occurs.

OUTDOORS: Point nozzle away from face. Hold can on a slight downward angle, approximately 12-15 inches from surface to be sprayed. For best results, spray when air is calm. Spray with wind if breeze is blowing.
PESTS ON OUTSIDE SURFACES: To control infestations of outdoor pests such as *Ants, Cockroaches, Ticks and Spiders*, spray foundation of building where these insects are active and may find entrance up to a height of 2 to 3 feet. Apply as a residual spray to outside surfaces of buildings where insects tend to congregate. Spray areas include (but are not limited to) screens, window frames, eaves, porches, patios, picnic areas, garages and refuse dumps. Repeat treatment weekly if necessary.
CRAWLING INSECTS: *Ants (including Argentine, Carpenter, Fire, Harvester & Pharaoh, Ants), Asian Lady Bird beetle (Lady Bugs), Cockroaches, Centipedes, Scorpions, Crickets, Palmetto/Waterbugs, Spiders, Sowbugs, Earwigs, Boxelder Bugs and Beetles:* Spray insects directly.

Ticks (including Lone Star Ticks, Deer Ticks, Black Legged Ticks): Spray areas where these pests are found. *Ants:* Spray around ant trails and hills. Spray around nests hidden under steps, brickwork, concrete, etc. Break apart accessible nests and spray on and around debris. Repeat if ants return. *Ants:* Spray ant trails and hills. If nest can be located, spray surface of nest until wet.

Asian Lady Bird Beetles (Lady bugs): Spray areas where bugs crawl or are at rest, especially around doors, on and around screens, windows, doorframes and areas where insects can enter the home. Remove screens prior to spraying them, allow to dry and then reassemble them.

Wasps, Hornets and Bees: Spray individuals directly and vacate area. Do not treat whole nests with this product.
FLYING INSECTS: *House Flies, Gnats, Mosquitoes and Moths:* Use only on outdoor surfaces. Spray outside surfaces of windows, window and door frames, screens and other areas where these pests may enter the home. Also spray localized resting areas, such as under eaves, porches, surfaces around light fixtures and cords, railings, etc. where these insects may rest. Insects coming to rest on treated surfaces will be killed. Repeat weekly or when insects return.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.
PESTICIDE STORAGE: Store in a cool, dry area away from children and pets and away from heat, sparks and open flame. Protect from freezing.
PESTICIDE DISPOSAL AND CONTAINER HANDLING: Do Not Puncture or Incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

IMPORTANT: READ BEFORE USE

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or buyer accepts the following conditions, disclaimer of warranties and limitations of liability.
