

FLOWZONE

INTRODUCING:

VORTEX Flex™

HANDHELD BATTERY MIST BLOWER

PART #: FZFAVE (BLOWER W/ BATTERY)

PART #: FZFAVE-TO (TOOL ONLY)

Transform your FlowZone® sprayer into a high-performance fogger in seconds with the all-new Vortex Flex™ mist blower!

Quickly switch from spraying to fogging using the brass quick-connect system, dial in your desired mist output, and get to fogging faster.

Powered by: **18V/5.2Ah**

Tri-Zone™ Lithium-ion Battery
(or use DeWalt® / Milwaukee® / Makita® / Bosch® batteries)

FEATURES

- **BATTERY POWERED** save on fuel-oil costs & mixing time
- **STORAGE OPTIMIZATION** small space investment for fogger
- **BRASS QUICK-CONNECTS** easily switch from spraying to fogging
- **PORTABLE & LIGHTWEIGHT** designed for all-day handling
- **REDUCED NOISE POLLUTION** ideal for early morning & residential

BATTERY EXPANSION KIT

PART #: FZAAVF (KIT W/ 2X BATTERIES)

PART #: FZAAVF-TO (TOOL ONLY)

Transfer the blower power source to a sprayer-mounted aluminum bracket.

Reduce handheld blower weight and double the blower runtime per battery charge to over 2 hours and 20 minutes. Aluminum bracket is collapsible for optimized storage and weighs only 4.3 pounds (without batteries installed). The power adapter slides into the battery holster on the blower for battery power transfer.

EXPANSION KIT RUN TIME

	Boost Mode	Eco Mode
1 Battery (5.2Ah)	32 min	70+ min
2 Batteries (5.2Ah)	64 min	140+ min

LIGHTWEIGHT
ALUMINUM

COLLAPSIBLE DESIGN
FOR EASY STORAGE

EXTEND SPRAY TIME
UP TO 140 MIN
