

Ready To Use Cockroach & Crawling Insect Trap

New Look!!

WHY ARE PRO-PEST® READY TO USE INSECT TRAPS SO EFFECTIVE?

● BLACK INTERIOR

Printed black interior is designed to take advantage of the fact that cockroaches and other insects prefer dark places for harborage.

● AROMATIC FOOD ATTRACTANT

● DESIGNED TO CATCH & KEEP

Both ends of the trap have 45° sloped entry ramps. The forward momentum of the cockroach takes them over the slopes and onto the glue surface.

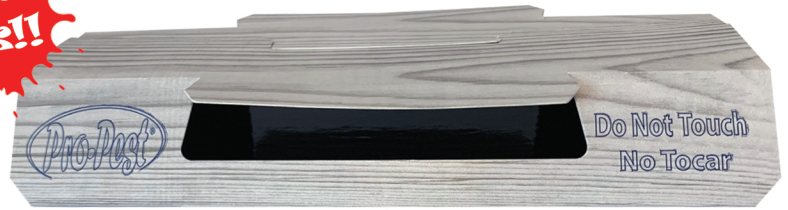

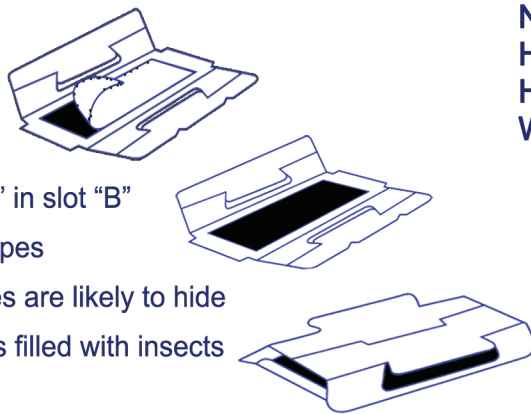

Wings over center window entries keep out dust and provide air flow through trap to disperse attractant.

● DISCREET

Light woodgrain finish blends in with any decor. No visible print on one side of trap for discreet insect capture. Slides easily under equipment, under & behind furniture, in cabinets, along baseboards, etc.

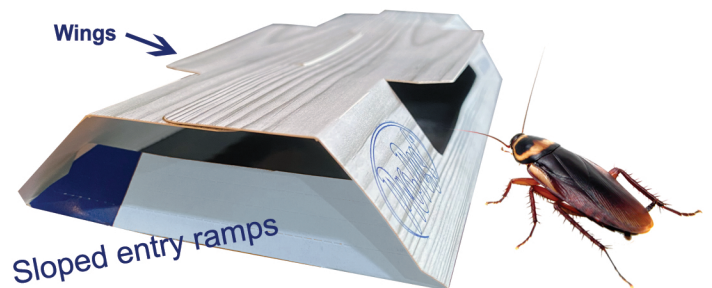

● EASY TO USE---

1. Peel off protective paper
2. Form trap by inserting tab "A" in slot "B"
3. Fold end flaps to form 45° slopes
4. Place trap where cockroaches are likely to hide
5. Dispose of traps when glue is filled with insects

TRAP SIZE: 8"L x 3-3/4"W x 3/4"H

INSTRUCTIONS ARE PRINTED ON THE TRAP IN BOTH ENGLISH AND SPANISH.

● USE WITH CONFIDENCE IN SENSITIVE ACCOUNTS:

Day Cares
Nursing Homes
Hospitals
Homes
Warehouses

Schools
Offices
Restaurants
Apartments
