## ABBA<sup>®</sup> CS

### Controlled Release Insecticide

A controlled release insecticide that provides protection for plants in Greenhouses, Shadehouses, Field-grown ornamentals, Foliage plants, Christmas trees and woody ornamentals. ABBA<sup>®</sup> CS is a 1.9% Abamectin with an enhanced capsule suspension formulation, meaning the active ingredient is slowly released providing up to 50% longer residual. Capsules constructed with a matrix of thinner and thicker capsule walls allows immediate release of some capsules for an incredibly quick knockdown, while some capsules are made to diffuse the active ingredient over an extended period of time.

- Can improve residual length up to 50%
- Low odor
- Reduces applicator exposure
- Controls mites and leafminers
- Suppresses aphids, whiteflies and thrips

<b>Formulation</b>	Abamectin 1.9% with enhanced capsulated suspension formulation
<b>Application Sites</b>	Greenhouses, Shadehouses, Field-Grown Ornamentals, Foliage Plants, Christmas Trees and other Woody Ornamentals
