

# ADVANCED DRAIN COVER PLATE ASSEMBLY

by  
**Pure Drain DEFENDER**

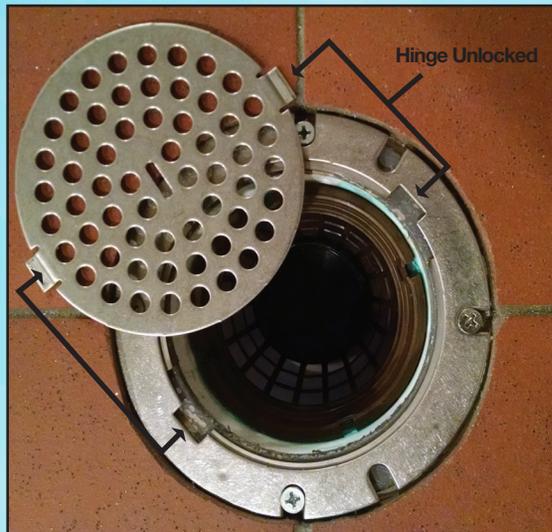

Pure Drain DEFENDER's Advanced Drain Cover Plate Assembly replaces your existing floor drain cover with our unique, easy to remove cover. The center slot in cover makes it easy to remove.

Our engineered floor drain cover is:

- Manufactured using industrial grade, 16-gauge, double-layered stainless steel.
- Hinged to allow for convenient removal with one quarter turn with flat head screw driver for easy access to place our new DrainMaintainer Basket System.

Pure Drain DEFENDER's Advanced Drain Cover Plate Assembly features:

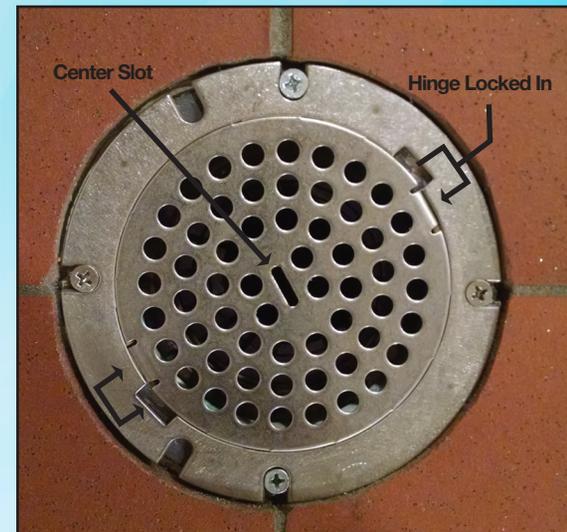

- Our cover withstands the rigors of a commercial kitchen environment.
- Our drain cover plate removes in seconds; no more lost screws.
- Our different size drain cover plates make it easy for any installation.
