

Protecta® EVO **MOUSE**™

PATENT PENDING

FAST SERVICE FOR FAST RESULTS

PRODUCT FEATURES:

- ▶ Speed of Service
 - EVO single-lock key allows for quick servicing
 - Holds twice as many BLOX as RTU so more mice can feed from station
- ▶ Versatility
 - EVO Mouse bait station works with either BLOX bait or Soft Bait
 - Bait rods included for added soft bait security
 - Place bait stations wherever rodents travel – around the perimeter of buildings, along rodent runways, in doorways, under pallets
 - Internal teeth clamp on soft bait paper to minimize paper displacement
 - Rounded back edge fits flush against wall coping in food accounts
- ▶ Quality
 - Built with special plastic polymer to extend the field life of the station and to withstand extreme environmental conditions
 - Designed with durable, one-piece construction living hinge
