

The sure thing

for sensitive bareground areas

Esplanade[®]
SURE

Esplanade[®] Sure herbicide is the sure thing for bareground control for so many reasons. The easy-to-use, premix solution delivers two modes of action to help manage herbicide resistance. It also provides long residual and low use rates. But most importantly, Esplanade Sure provides the proven performance of Esplanade, while lowering the risk of injury to nearby trees, shrubs and crops such as citrus, grapes, and stone and pome fruits.

Go with the sure thing for sensitive bareground areas. /// es.bayer.us/esplanadesure
