Essentria® MOSQUITO & TICK CONCENTRATE

TREATMENT OPTIONS

- Outdoor use
- Broadcast treatments
- Barrier and perimeter treatments
- Fogging and automatic spraying system use

ACTIVE INGREDIENTS

- Geraniol 10.0%
- Cinnamon Oil 5.0%
- Sodium Lauryl Sulfate 3.3%
- Cornmint Oil 2.0%

ABOUT THE ACTIVE INGREDIENTS

Plant-based essential oils have been used for centuries to control and repel insects. Essentria® Mosquito & Tick Concentrate is a water-based formulation with botanically derived active ingredients including geraniol, cinnamon oil and cornmint oil. These ingredients kill mosquitoes and ticks in addition to further repelling mosquitoes for 14 days.

FEATURES

- Low/pleasant fragrance
- Fogging and Automatic spray system use
- Multi-rate formulation: maintenance and active infestations

BENEFITS

- Food-use grade inerts
- Water-based formula
- Use on and around boat docks
- Modes of Transportation
- Non-flammable

AVAILABLE SIZES

- 1 quart / 6 per case
- 1 gallon / 4 per case
