

Satisfy Your Need For Speed With Dismiss® Herbicides

Talking Points for Dismiss vs. SedgeHammer®, Certainty®, or Monument®

♦ MUCH FASTER

- ♦ Will see initial results in 24 to 48 hours vs. 2 to 3 weeks for the other products

♦ EXCELLENT UNDERGROUND TUBER MORTALITY

- ♦ Dismiss kills more underground tubers than the other competitive products
- ♦ Dismiss will give you the same or better long term control than other sedge products, but again ... will do it faster

♦ BEST-IN-CLASS NUTSEGE CONTROL

- ♦ Dismiss will give you the same or better nutsedge control, but will do it faster than any other sedge product
- ♦ Excellent control of green kyllinga
- ♦ Dismiss South* — for an edge against purple nutsedge in 1 application

** Not for use on St. Augustinegrass*

♦ ENHANCES BROADLEAF WEED CONTROL

- ♦ Labeled for control or suppression on over 45 broadleaf weeds and grasses
