

INDUSTRIAL DIVISION PRODUCT CATALOG

Model 1030

- For upholstery pre-spray and spot treatments
- Indestructible spray gun
- Tip shut-off prevents dripping from tip
- Unique valve hanger for easy storage
- Safety lock prevents accidental discharge
- Quality brass fan tip included
- Viton® equipped
- Use for solvent or water based protectors, wall washing, neutralizing chemicals

DuraSpray V

- Viton® gaskets and seals
- Poly shut-off and extension
- Adjustable pin-to-cone spray tip
- Fan spray tip
- Heavy-duty poly tank
- Funnel top for easy filling
- Chemical resistant hose
- Fully repairable
- Metal pump rod

20-PV

10-PV

30-PV

DuraSpray

- Buna gaskets and seals
- Poly shut-off and extension
- Adjustable pin-to-cone spray tip
- Transparent tank
- Heavy-duty poly tank
- Funnel top for easy filling
- Chemical resistant hose
- Fully repairable
- Metal pump rod

20-P

10-P

30-P

Industrial

- Viton® gaskets and seals
- Sturdy brass extension
- Adjustable pin-to-cone spray tip
- Fan spray tip
- Heavy-duty poly tank
- Funnel top for easy filling
- Chemical resistant hose
- Fully repairable
- Metal pump rod

2-PB

1-PB

3-PB

Acid Sprayer

- Poly molded thick wall polyethylene tank design
- Adjustable pin-to-cone and optional fan spray tip
- Heavy-duty stainless steel pump rod
- Specially designed heavy-duty valve
- No metal parts come into contact with acid
- Valve locks on for continuous spraying
- Reinforced chemical resistant hose

2-AS

1-AS

3-AS

Chemical Resistant

- Poly molded thick wall polyethylene tank design
- Celcon fan spray tip, brass fan tip kits available
- Viton® parts for excellent chemical resistance
- All brass XR gun
- Heavy-duty metal pump rod
- Celcon tips with variable output available
- Adjustable pin-to-cone tip available

2-CR

1-CR

3-CR

Handheld Units

LT1.5

- Heavy-duty translucent tank to see liquid level
- Metal pump rod
- Large volume pump requires fewer pump strokes
- Economically priced
- Adjustable poly nozzle

LT1.5A

- 1.5 Liter capacity
- No metal parts come in contact with acids
- Adjustable nozzle pin-to-cone and straight stream

QT1.5

- Viton® parts for excellent chemical resistance
- Translucent tank
- Steel pump rod
- Extended nozzle lance
- Adjustable brass nozzle
- Acid-resistant parts available

AccuSpray I

- Viton® components
- 6' coiled hose
- Half liter capacity
- Includes adjustable fine spray tip
- Optional tips available
- Carry pouch included
- Highly efficient pump
- Heavy duty design

Shown with optional fan tip

SpotSprayR

- Heavy-duty construction
- Chemical resistant seals
- All metal bottle with brass spray tip
- Adjustable pin-to-cone tip
- High efficiency pump
- Chemical resistant high wear belt holster included
- Economical yet durable

DuraSpray

- Funnel top for easy filling
- Chemical resistant hose
- Heavy-duty stainless steel
- Viton® seals and gaskets
- Valve locks on for constant spraying
- Valve locks off to prevent accidental discharge
- Adjustable pin-to-cone tip
- Deluxe fan tip kit available

20S

Carpet

Stain Protection Sprayer

- Extenda-Ban valve
- Chemical resistant hose
- Heavy-duty stainless steel
- Positive tip shut off
- Highly chemical resistant seals

11003701

Industrial

- Includes pin-to-cone tip and fan spray tip
- Valve locks on for constant spraying
- Braided chemical resistant hose
- Deluxe fan tip kit available
- Valve locks off to prevent accidental discharge
- Funnel top for easy filling
- Heavy-duty stainless steel
- Viton® seals and gaskets

Chemical Resistant

- Funnel top for easy filling
- Heavy-duty stainless steel
- Includes Celcon fan spray tip
- Viton® seals and gaskets
- Chemical resistant hose
- Durable brass XR gun

2SCR

Private Label

- Promote your company name on the world's best selling professional sprayer
- Minimum order is only 50 sprayers
- B&G sprayers will outlast and outperform any sprayer you've ever used. We guarantee it!
- For additional information call B&G Customer Service at 800-544-8811

Sealer/Form Oil

- Includes brass tips for sealers and 35% solids
- Heavy-duty cast metal pump handle
- Heavy density polyethylene tank
- Funnel top for easy filling
- Fully repairable pump design
- Chemical resistant hose
- Viton® seals and gaskets
- 18" angled brass extension

603

Acetone

- 4' professional grade chemical resistant hose
- Adjustable pin-to-cone and fan spray tip
- Heavy density polyethylene tank
- Prevents accidental discharge
- Fully repairable pump design
- 18" angled brass extension
- Heavy-duty metal pump rod
- Positive tip shut off

Stainless Concrete

- Heavy-duty cast metal pump handle
- Brass fan spray tip #8004 included
- Reinforced chemical resistant hose
- Large funnel top for easy filling
- Viton® equipped
- 18" angled brass extension
- Fully repairable pump

803

Acid Etching

- No metal parts come in contact with acid
- Includes pin-to-cone and fan spray tip
- Heavy density polyethylene tank
- Braided chemical resistant hose
- Fully repairable pump design
- Viton® seals and gaskets
- 18" angled poly extension
- Stainless steel pump rod

403

Concrete

- Heavy density polyethylene tank
- Brass fan spray tip #8004 included
- Braided chemical resistant hose
- Poly resin comfort grip handle
- 18" angled poly extension
- Heavy-duty pump rod

503

Backpacks

- Tip shut off for drip free application
- Dual position handle (right or left)
- Deluxe comfort shoulder strap
- Piston pump mechanism
- Durable XR valve
- All exclusive "No Leak" pump design. Pump is enclosed in tank and prevents chemical leakage on the operator which is common with other backpacks.

All Foggers Feature

- Seamless, rotationally molded for maximum strength and lifelong durability
- Made of corrosion resistant materials for use with many chemicals
- 1.5 Gallon capacity with 3-1/2" wide tank opening for easy filling and emptying
- Motors available in both 110V/60Hz or 220/240V
- Low profile for maximum stability
- Two stage motor

My-Ti Lite 2300

- Preset delivery of 9 oz./minute
- Power mister
- Discharges liquid as wet fog that settles quickly
- Handles both water-based and oil-based liquids

Ultra-Lite 2400

- Adjustable flow rate up to 9 oz./minute
- Heavy-duty motor for reliability
- Handles both water-based and oil-based liquids
- Uses ULV delivery method for small micron droplets
- Use for disinfectants, deodorizers, and insecticides

Flex-A-Lite 2600

- Uses ULV delivery method for small micron droplets
- Adjustable flow rate up to 18 oz./minute
- Use for disinfectants, deodorizers, and insecticides
- Nozzle mounted on 18" hose
- 24" & 48" hose available
- Handles both water-based and oil-based liquids

Anileator™

- No dangerous liquid fuels or pressurized tanks required
- Low maintenance
- Spill- and leak-proof tank
- Easy operation and nothing to adjust
- Quiet, electric operation
- Rubberized, non-slip handle
- Chemical/water resistance switch cover
- Adjustable tilting head for multi-angle spraying

SPECIFICATIONS

Tank diameter:	10 in (25.4 cm)
Machine height:	14 in (35.6 cm)
Tank capacity:	1 gallon (3.8 liters)
Weight (Empty):	6.6 lbs (3.0 kg)

Trailblazer™

Trailblazer Electric Start Portable Thermal Fogger

- Stainless steel pulse-jet engine
- Rugged chemical-resistant polyethylene formulation and fuel tanks
- Dispenses both petroleum and water-based products
- Patented 12 volt electric starting system
- No pressurized gasoline tank required

ORDER #	MODEL #	DESCRIPTION
62225-1	2997	Anileator 110 Volt
62225-2	2998	Anileator 220 Volt
62175-1	3001-1	Sani-Tizer 110 Volt
62175-2	3001-2	Sani-Tizer 220 Volt
43200	—	Trailblazer Electric Start
62150-3	3001-5 Hurricane ES 110V	110/120 volt AC, 6.8 Amps, 50/60 Hz
62150-4	3001-6 Hurricane ES 220V	220/240 volt AC, 3.4 Amps, 50/60 Hz

Sani-Tizer™

Electric Portable Aerosol Applicator (ULV / Mister)

- Dispenses both oil and water-based products
- Specifically designed to spray anti bacterial agents at a droplet size targeted to kill the living virus on surfaces
- Solid brass metering valve for delivering precise outputs and maximizing use of chemicals
- Low profile tank design virtually eliminates tipping . . . empty or full
- Droplet sizes can be controlled for both ULV spraying and residual spraying
- Rugged design handles corrosive liquids and heavy impacts

SPECIFICATIONS

Adjustable flow rates:	0-4.5 gal/hr, or 0-17 liters/hr.
Particle size:	5-50 microns (VMD)
Tank capacity:	1 gallon (3.8 liters)

Hurricane ES™

Portable Electrostatic Aerosol Applicator (ULV / Mister)

- Utilizes proven electrostatic technology to charge each droplet to provide effective application of formulations. The droplets stay separated due to the charged nature allowing uniform, even coverage on entire target surface every time.
- Dispenses water-based products
- Ideal for use in spraying commercial and residential areas
- Precision flow rate and droplet control
- Uniform and consistent coverage
- Droplet size can be controlled for both ULV and residual spraying
- Stainless steel metering valve

SPECIFICATIONS

Adjustable flow rates:	0-9 oz/min (0-266 ml/min)
Particle size:	5-50 microns (VMD)
Tank capacity:	1 gallon (3.8 liters)
Length:	11.5 in or 29.2 cm
Width:	10 in or 25.4 cm
Height:	14 in or 35.6 cm
Weight (Empty):	7.5 lbs or 3.4 kg
