Sethoxydim SPC

Herbicide

Nufarm Sethoxydim SPC Herbicide contains sethoxydim.

Target Weeds Without Harming Ornamentals or Crops

Sethoxydim SPC Herbicide delivers the effective, selective control you've come to expect from sethoxydim, a longtime standard in post-emerge grass control in ornamentals sites as well as dozens of other crops. Sethoxydim SPC provides effective control of tough perennial and annual grass weeds, and since it won't harm ornamentals through accidental contact or off-target movement, there's less risk to your valuable plants. Sethoxydim SPC, like all Nufarm products, helps put control in your hands.

KEY PERFORMANCE BENEFITS

- Provides post-emergence control of most grassy weed problems
- Over-the-top application saves labor and cost of intensive weeding in more than 350 species of ornamentals
- Can be applied directly to trees at any stage of growth
- No injury to labeled ornamentals at any stage of growth
- Rainfast in one hour

APPLICATION RECOMMENDATIONS

TANK MIXES

Nufarm Sethoxydim SPC Herbicide + Basagran® T/O Herbicide:

This product: Up to 3.75 pints

Basagran T/O: Up to 4 pints

Nufarm Sethoxydim SPC Herbicide + Basagran® SG Herbicide:

This product: Up to 3.75 pints

Basagran SG: Up to 18 ounces

Apply the above tank mixes as a directed spray to control yellow nutsedge, grass, and broadleaf weeds in nonbearing food crops and ornamental sites including trees, shrubs, ground covers, and bedding plants. These tank mixes should be applied as a directed spray away from the foliage of desirable plants. If any desirable plant foliage receives direct or indirect application, wash off immediately. The use of an oil concentrate as mentioned on the Basagran T/O and Basagran SG labels is not necessary in this tank mix. Make over-the-top applications of this tank mix to certain ground covers. Consult the Basagran T/O and Basagran SG labels for this listing.

Nufarm Sethoxydim SPC Herbicide + Surflan® AS Herbicide:

This product: Up to 3.75 pints

Surflan AS: Up to 4 pints

Apply a tank mix of this product + Surflan AS to control weeds in ornamental sites including trees, ground covers and shrubs.
