

Tiger Bloom

Mineral Flowering Fertilizer

2-8-4

- High phosphorous fertilizer to promote multiple blooms and flower set
- Prolongs flowering, increases size, intensifies color spectrum, and scent
- When used on vegetables, increases crop size and sweetens flavor
- For use on any flowering plant during the bloom cycle including vegetables
- Contains chelated minerals to allow for immediate absorption into the plant
- For optimal results, use with Big Bloom and as a companion to Grow Big
- Use in both soil and hydroponic systems
- DERIVED FROM: Calcium Nitrate, Magnesium Nitrate, Ammonium Nitrate, Ammonium Phosphate, Potassium Phosphate, Potassium Nitrate, Earthworm Castings, Kelp, Iron EDTA, Zinc EDTA, Manganese EDTA, Copper EDTA, Chelating Agent, Disodium Ethylenediamine Tetra Acetate (EDTA), and Sodium Borate

Available in 1qt, 1gal, 2.5 gal, 5 gal sizes

General Feeding.....	2-3 teaspoons per gallon of water every other watering.
Heavy Feeding.....	4 teaspoons per gallon of water every other watering.
Recirculating Systems.....	2 teaspoons per gallon of water with every reservoir change. Use 3 teaspoons for heavy feeding.
