

# VEXXIS<sup>®</sup>

## HERBICIDE<sup>®</sup>

### GRANULAR

## A Powerful New Weapon Against Sedges and Kyllingas!

### WHAT IT IS

**Vexis<sup>®</sup> Herbicide Granular<sup>\*</sup>** uses the proprietary new active ingredient pyrimisulfan to deliver exceptional control of sedge and kyllinga species, plus listed broadleaf weeds. The granular formulation reduces the potential for drift or off-target application, and it can be applied to wet or dry turf. And Vexis is labeled for use on established listed cool-season and warm-season turfgrasses, including improved varieties of St. Augustinegrass.
