

# Specialty Application

## PISTOLPRO 700 SERIES

The PistolPro's are powerful, portable, and flexible delivery systems that can save you up to 97% on your chemical costs vs. aerosols. Their professional look gives you a positive image with your customer. Purchase a unit for each product in your service vehicle.

- » 9 models available for most applications
- » Safe and portable for all inside applications
- » Positive shut-off at tip - no dripping chemical
- » Easy chemical change-out with spare bottles
- » Fill bottle 2/3 full and charge with air, then discharge contents without recharging
- » Pressure gauge and "easy charge" valve on every model
- » Great to use with "non-repellent insecticides"
- » Light weight and easy to use
- » Free measuring device for easy measuring

## PISTOLPRO PLATINUM

- » Extenda-Ban valve
- » Precise application
- » Two sizes
- » 4 way tip and C&C straw
- » Belt holster

ORDER#	MODEL#	DESCRIPTION
24010720	720	PistolPro - Pint
24010725	725	PistolPro - Quart

## PISTOLPRO 4-WAY CRACK & CREVICE TIP

- » Supplied with the B&G 4-way crack & crevice tip
- » 4-way tip includes C&C straw, course & fine fan & pin stream
- » Available in 1 pint & 1 quart
- » Heavy-duty construction - designed for years of service
- » Use indoors with "non-repellent" pesticides

## PISTOLPRO WOOD INJECTION TIP

- » Model produces foam for wood injection
- » Add chemical with foaming agent
- » Stainless steel injection needles
- » Available in 1 pint & 1 quart sizes
- » Use for drywood termite applications with direct injection into galleries

## PISTOLPRO FOAMING TIP

- » Add chemical with foaming agent
- » Tip adjusts for different foam consistencies
- » Heavy-duty aluminum construction
- » Great to use in microbial fly control and other surface foaming applications
