IDEAL PLACEMENT OPTIONS

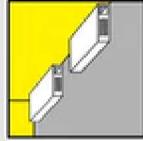

Along Baseboards

Under Sinks

On Floors

Garages

TRAPPING TIPS

- ★ Use Dual Action Twin Catch along walls or on the side of garage doors during fall and winter to catch crawling insects and mice as they seek shelter
- ★ Fold our 72TC board along the perforation and place into trap to prevent rodent contact with glue
- ★ If baits aren't working on Easy Set™ snap traps, consider nesting materials (cotton, paper, etc.) as alternatives
