Invict Xpress Granular Bait - Quick Reference Cheat Sheet

Other Pests:

- Silverfish, Earwigs, Firebrats, Sowbugs, Pillbugs

Fast Facts

- Action Time: Starts killing within 24 hours
- Indoor/Outdoor Approved: Yes
- Application Methods: Broadcast spread, spot treatment, bait stations
- Active Ingredient: Imidacloprid 0.5%
- Safe for Lawns and Ornamentals: Yes
- Pet Precaution: Keep pets away until bait has settled

How to Apply

- Broadcast Method: Sprinkle evenly over target area at labeled rate.
- Spot Treatment: Apply small amounts directly to pest activity areas.
- Bait Stations: Place bait in secure bait stations for targeted control.

Pro Tip: Avoid using near freshly sprayed surfaces or heavy chemical cleaners - pests may avoid tainted bait.
