SureKill® SK100

Product Number: 1796500

Product Description

SureKill® SK100 is a dual-synergized concentrated pyrethrin formulation designed for use as a space spray, fogging application, spot treatment, and crack or crevice application.

Purpose

SureKill SK100 provides flushing action and quick knockdown of flying and crawling insects with a dual-synergized 1.0% Pyrethrin formula. SureKill SK100 can be used in all fogging machines, compressed air sprayers, aerosol generators and will not clog ULV fogging equipment.

Please see this product's entire label and follow all use directions and use precautions. Use only for the sites, pests, and application methods described on the product label. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
